WE ARE ABSOLUTE CARE

At some point in our lives, we may require assistance to continue living in our homes. We understand the numerous advantages of staying at home, such as the sense of security, cherished memories, and beloved family connections. That's why we provide personalised care services, allowing you to extend your time at home.

We can provide the following support services:

- **Personalised Support**

Personalised support that fits your unique needs and preferences.

- **Stay in a familiar environment**

Many prefer the comfort of home with added support to thrive and stay safe.

- **A holistic approach**

Our holistic approach covers all aspects of your care plan, offering emotional, practical, and physical support tailored to your needs.

- **Maintain your routines and hobbies**

Maintain independence and routine with domiciliary care, living life on your terms.

- **One-to-one care**

Get personalised one-on-one support in the comfort of your own home, with a dedicated carer focused solely on you.

- **Spend more time with loved ones**

Enjoy the freedom of choosing when loved ones visit, as your caring companion helps maintain a tidy and welcoming home.

Needs-based care

Condition-led care provides specialised support in managing your symptoms.

Providing :

Dementia care

Elderly care

Support for young adults

Parkinson's care

Cancer care

Stroke care

Complex care

...and more

PERSONAL CARE

Our personal care service will help you with your daily living tasks. It may also include additional tasks such as meal preparation and laundry. Trained caregivers offer compassionate and caring support to provide one to one assistance.

Absolute care offers the flexibility of two personal care options: domiciliary care and live-in care. You can choose the option that best matches your support needs.

Domiciliary care

Domiciliary care provides support at specific times of the day or overnight, accommodating your needs and preferences.

- Visits from 30 minutes per task
- Flexible care
- Condition-led support

Live-in care

For continuous personal care around the clock, consider having a live-in carer who stays in your home to provide 24/7 support.

- Building Connections
- 24/7 Assistance
- Personalised Caregivers

Our carers will assist with:

- | | | | |
|--|----------------------------------|--|------------------------------|
|  | Wash/Cream feet and body |  | Bath supervision |
|  | Oral hygiene |  | Assistance with incontinence |
|  | Changing pads |  | Catheter care |
|  | Assistance with feeding/drinking |  | Provide grooming |
|  | Prompt Medication | ...and more | |
|  | Administer medication |  | |
|  | Assistance with washing | | |
|  | Assistance with dressing | | |

ERRANDS AND SHOPPING

In addition to personal care and medication support, we provide assistance with often overlooked tasks like running errands, grocery shopping, and participating in social activities.

Domiciliary care

- Assistance with purchasing
- Travelling to and from the workplace
- Interacting socially with family and friends

Live-in care

- Medical administration
- Preparing meals
- Assisting with administrative tasks

Our carers can assist with:

Visiting relatives

Support with social activities

Running Errand

Admin and letter writing

Doctor/dental appointments

Shopping Accompaniment

Grocery store/pharmacy Pick-up

Going out for meals

Exercise classes

Attending social clubs

Attending Appointments

Errands with shopping brought right to your doorstep - convenience made easy, with a touch of personalised care.
